

# 2<sup>nd</sup> Call for Short Term Scientific Missions (STSMs)

*COST Action FP1203: European Non-Wood Forest Products (NWFPs) Network*

The 2<sup>nd</sup> call for Short Term Scientific Missions (STSMs) under COST Action FP1203: European NWFPs Network is open. We invite STSM candidates to submit their applications until the **12<sup>th</sup> of January 2014**. The STSM proposals on this call should not start before the 15<sup>th</sup> of February 2014 or end after the 15<sup>th</sup> of May 2014.

## Short Term Scientific Missions (STSMs)

Short Term Scientific Missions (STSM) are aimed at supporting individual mobility, strengthening existing networks and fostering collaborations by allowing scientists to visit an institution or laboratory in another Participating COST Country or an approved COST Near Neighbouring Country<sup>1</sup> institution or an approved COST International Partner Countries<sup>2</sup> institution.

## Scope of the STSM

A STSM should specifically contribute to the scientific objectives of the COST Action, while at the same time allowing applicants to learn new techniques or gain access to specific instruments and/or methods not available in their own institutions.

Early Stage Researchers<sup>3</sup> (ESR) are especially encouraged to submit STSM applications.

## Financial Support

The STSM grant is usually used to cover costs of travel and subsistence. The financial support should be viewed as a contribution to the costs of the mission and may not cover all costs. The anticipated level of support offered is up to 2500 EUR. However, in cases where the applicant is an ESR and the total duration of the proposed STSM is more than 91 days the financial support can be up to 3500 EUR.

**Note that funding is paid only after acceptance of the final report.**

## Applicant and Host Institution

The Applicant should normally be engaged in a programme of research as a post graduate student or postdoctoral fellow or be employed in an institution of a COST Country which has accepted the MoU of the Action. This institution shall be actively participating in the COST Action.

The home and the host institution can be public or private. A STSM may only be approved:

- from a home institution in a COST participating country to a host institution in a COST participating country or to a formally approved host institution in a non-COST country
- from a formally approved home institution in a Near Neighbour country to a host institution in a COST participating country.

Furthermore, in accordance with COST Strategy ESR applicants will be favoured (COST doc 259/09).**

### Step 4 – Approval from the Management Committee

- b) the level of the financial grant given.

The Applicant has to return this acceptance letter with his/her signature to accept the grant.

### After the STSM

After completion of the STSM the grantee is required to submit to the host institution and STSM coordinator a **scientific report** of the visit within **4 weeks after his/her departure from the host institution.**

The report should contain the following information:

The STSM report will be published on the webpage of the European NWFPs Network: [www.nwfps.eu](http://www.nwfps.eu)

<sup>6</sup> The corresponding SC members are the WG and TF leaders to which the proposed STSM should contribute.

Publications resulting from STSM activities should acknowledge COST FP1203 support.
